

Self-pay Billing policy

Self-pay option is available for patients who are not covered by insurance or MaineCare or who are insured by a plan that Mast Clinic does not participate with/ is considered out-of-network.* You have the right to receive a 'Good Faith Estimate' explaining how much your child's physical therapy services may cost.

Mast Clinic 's good faith estimates are based on:

- Cost of initial visit

- An estimate of how many visits will be required multiplied by cost per visit

A physician's referral usually specifies a certain number of visits. When the referring physician does not indicate number of visits, we usually estimate 8 visits.

The actual number of visits required is determined by your child's progress. Your child may require *fewer* or *more* visits than initially estimated.

Initial visit: includes evaluation and treatment and written report: \$300

Subsequent treatment visits: \$120/visit

Payment in full at each visit is not mandatory. Alternative payment plans can be arranged. Billing inquiries should be discussed with Briana @ 207-310-2863.

*Mast Clinic is out-of-network/does not participate with:

- Mainecare

- Cigna

- Most United Healthcare (UHC) plans but in-network with HPHC/UHC plans
